To register for this course, please go to: mazin-online.com

For the first time in California, Mazin Al-Khafaji will present a 2-day introductory class on Dermatology in Chinese Medicine.

This event will serve as the perfect base for his upcoming Chinese Medicine Dermatology Certification Course, scheduled for the first time in the USA for late 2015, which since its inception in 2005 has become the epitome in Chinese Medicine Dermatology worldwide.

Mazin is an outstanding teacher, clinician and scholar, and has built an impressive reputation for his success rates in treating unusual and difficult diseases over the last 27 years.

His teaching is firmly rooted in a lifetime of practicing herbal medicine and his experiences derived during many years of study in China and from his clinical work at Avicenna in England.

For many, attending Mazin’s classes and mastering the material he teaches has become the missing link that changes their practice forever, and leads them to achieve dramatic and life changing results for their patients.

“Mazin’s dermatology course was invaluable for my clinical practice...We are fortunate to have a master like Mazin in the field of Chinese Medicine, I find his work and his teaching nothing short of AMAZING...”
