January 12, 2022

TO: ALL STAFF, FACULTY & STUDENTS

### **YSU COVID-19 HEIGHTENED SCREENING PERIOD**

In consideration of the current surge in COVID-19 cases in the Los Angeles area, the University will require all staff, faculty and students, regardless of vaccination status, to be screened for COVID-19 on a **weekly** basis during the 4-weeks period **January 17 – Feb 13, 2022**.

This is in addition to all COVID-19 safety protocols currently in effect at Yo San University.

Failure to comply with the weekly testing requirement may result in your being barred from work / classes / clinic.

Please proceed to any of the following staff persons for your weekly screening/testing:

- For clinic students, staff and faculty: **Shirley Kodama**, Clinic Manager
- For staff and faculty in classrooms and the library on Level 3: **Sean Gates**, Student Affairs Coordinator
- For admin staff: **Tora Flint**, Director of Operations

Prior to taking the COVID-19 screening test on campus, you will need to set up an account with our designated testing center. Follow this link to set up a test account:

You will be asked to photograph your Driver's License and Health Insurance Card, if you have one. Account creation instructions have also been attached to this letter.

If the test result is positive, then follow the guidelines described in the current YSU COVID-19 Safety Policy on the steps to take if you test positive for COVID-19.

After the mandatory 5 days of quarantine and prior to returning to campus, you will be required to show proof of a negative COVID test result. You may obtain the test at any facility of your choice. Keep in mind that turnaround time varies for different testing facilities.

Please present your negative test result to Tora Flint or Sean Gates for clearance to return to classroom and/or clinic activities.
